Argentine Postpones
Immigration Decree

Buenos Aires, Argentina, Nov. 8.—On the representations of the British, Italian, Dutch and Spanish ministers to the Argentine, the decree restricting immigration to this country, which was to take effect this month, has been postponed for four months, which means until the new administration has had time to consider, and possibly rescind it. The decree, which was recently reported in these dispatches, was of a very drastic nature, aimed particularly against a possible influx of undesirable aliens from the war.

GLOOM AT CITY HALL

Gloom reigned among the city officials at city hall today. Town Chairman and City Clerk J. Alex. H. Robinson would not make any comment on the change of the returns which last night indicated Hughes' election and today pointed to the re-election of President Wilson. He simply desired to thank the workers of the Republican machine who had supported him in the campaign. Mayor Wilson, re-elected, hesitated to comment, echoed this expression. Neither would prophesy what the outcome might be.

Indiana is Claimed
By G. O. P. Managers

Indianapolis, Nov. 8.—While Republican state headquarters today claimed that Hughes carried Indiana by 25,000, more conservative estimates placed the plurality between 10,000 and 15,000.

Returns from 1,617 precincts give Goodrich, r, for governor 204,240 and Adair, d., 192,357.

Both Now and Watson, Republican candidates for United States Senator continued their leads over Kern and Taggart.

The contests in the Congressional districts, where the race was neck and neck, remained undecided shortly before noon, with prospects that they might be evenly divided between the Republicans and Democrats.

"Le Poilu," No Longer
"The Hairy Fellow,"
Gets a Hair Cut

"Le poilu," "the hairy one," is a proud title in the French army, but the French soldiers in the picture are trying to make it a misnomer for one of them. "He is undergoing the ordeal of a hair cut in one of the French dugouts during a lull in the battle of the Somme."

GERMAN TRADING
MEN ARE DODGING
TAX BY SYSTEM

Change Character of Concerns to Avoid Assessments

Frankfurt-on-the-Main, Germany, Nov. 8.—Beating the government out of taxes by the more or less simple process of changing the character of one's business—from a limited liability corporation to a partnership and back again as a tax day approaches—is the latest wrinkle in tax dodging.

One firm in Muehlheim-on-the-Main, the owner of which is a resident of Frankfurt, has pursued the plan so successfully that he is alleged to have cheated the government legally out of between two and three million marks since the beginning of the war.

To prevent him from further evading taxes the mayor of Muehlheim has petitioned the Hessian legislature to enact some emergency legislation which shall prevent him from again altering the character of his business and escaping once more with his war profits intact.

The man in question owns a plant that originally made steel screws, and that with the beginning of the war was commissioned by the government to repair broken parts of guns and cannon. At the end of June, 1915, the firm, then a corporation, had made a net profit of three and a half million marks.

On the basis of these profits, the firm was assessed for a total of 337,000 marks on its prospective business between April 1, and March 31, 1917. To evade this payment, the proprietor liquidated his business, had himself appointed as receiver—and blossomed out as a partnership. By the time the authorities discovered this, and also found that the old firm against which prospective taxes had been assessed was no longer existent, the profits had increased, it is estimated, to something like eight or ten million marks.

Now there is in prospect the possibility that the partnership will be dissolved in a timely way so that again there will be no firm to levy against.

In his petition to the Hessian legislature the mayor of Muehlheim bitterly condemns the practice of a successful business firm of dodging taxes at a time when they are so necessary, and at a time when those less able to pay are nevertheless obliged to bear increased burdens. By a coincidence there is no existing law to prevent the alteration of the partnership to some other kind of a business. Hence the appeal of the mayor for an emergency law.

Missouri's Vote
Swings to Wilson

St. Louis, Nov. 8.—Returns from 2,313 precincts (correct) out of 3,459, in Missouri, give Wilson 295,919; Hughes, 270,531; 2,244 precincts out of 3,459, Reed, d, Senator, 277,736; Dickey, r, 265,260.

Returns from 2,476 out of 3,459 precincts in Missouri, including all but four in St. Louis, give Wilson 268,973; Hughes 254,304.

With four precincts missing in St. Louis, the city gave Hughes a plurality of 9,922, believed insufficient to overcome Wilson's plurality out in the state.

Le Club Français, of which Albert Sorflet is president, will hold its meeting on Thursday afternoon at 4 o'clock at the residence of Mrs. Clinton Barnum Seeley, in Ingleside place.

R. R. Barton, candidate for Congress from Nebraska, died of acute pneumonia.

Wu Ting-Fang was appointed Minister of Foreign Affairs in the Chinese cabinet.

FIND VILLA MEN
IN HEADQUARTERS
OF U. S. SOLDIERS

Captured By Members of Punitive Expedition They Roam In Camp

Field Headquarters, American Punitive Expedition, Mexico, Nov. 8.—Followers of Francisco Villa have been discovered in headquarters camp. Thus far, none has been molested nor placed in the stockade with the score captured during the southward drive of the punitive expedition. They go about the camp openly and even receive American gold, at the rate of about a dollar a day, which is wealth for a peon.

These Villistas, however, harbor no evil designs against the American troops. Neither do they talk about their affiliations with the bandit leader. For they now are Pacificos and declare that half of the poor people of the southern republic would do just as they are doing, work in a duty fashion for the army from the north if given an opportunity.

But few of the laborers stay long in camp. Their fear of Villa is too great. The threat Villa has made, to kill every man, and woman who turns a hand for the "invaders," strikes a chill to their hearts.

45 KNOWN DEAD
AS CAR PLUNGES
THROUGH BRIDGE

Boston, Nov. 8.—Forty-five persons, all of them men, were known today to have lost their lives when a crowded electric car of the Boston Elevated Railway Co. plunged through an open bridge into Port Point channel in the South Boston district during the rush hours last night. Twelve persons escaped and of these 10 were so badly injured they were sent to hospitals for treatment.

Conductor George McKeon, one of the injured, said he had rung up 62 fares and city officials expressed the fear that others outside those whose bodies were found were missing.

The car, which had plunged head first into the mud at the bottom of the 30 foot channel, was raised early today by a powerful floating crane of the T. A. Scott Co. after all the bodies had been removed.

Gerald Walsh, the motorman, was arrested directly after the tragedy on a technical charge of manslaughter. He is alleged to have stated that the safety block signal at the end of the bridge was set for him to go ahead and that he did not see any red lights on the gate. When he saw the open draw, according to his alleged story, he set the brakes, but they did not hold and he jumped just as the car crashed through the gates. His statements regarding the lights were contradicted by three bridgetenders. Every signal, they asserted, was set as it should have been.

The result of the Presidential election in New Hampshire which had been generally regarded as safely Republican, was in doubt early today. With 21 precincts missing, unofficial returns gave Hughes a plurality of 1,869 votes over Wilson, the vote being: Hughes, 42,325; Wilson, 40,468.

Henry W. Keyes, r, was elected governor by a plurality of 8,500 over John C. Hutchins, d. The state's two Republican congressmen, Cyrus A. Sullivan and Edward H. Wason, were elected.
